John Jenkins Elected President of NCHICA

RESEARCH TRIANGLE PARK, NC – John Jenkins, the VP and CIO of Management Systems for Moses Cone Health System, is the new President of the North Carolina Healthcare Information and Communications Alliance, Inc. (NCHICA). He was elected by the NCHICA Board of Directors at their Annual Meeting.

A major goal for the coming year will be to continue the collaboration and cooperation among healthcare providers and their business partners in North Carolina. “There is a lot to be done in the coming year to meet the Meaningful Use requirements for electronic health records, transition from ICD-9 to ICD-10 codes, etc,” said Jenkins. “NCHICA, through its committees and workgroups, is uniquely positioned to help our members meet these challenges.”

Jenkins joined Moses Cone in 1998. Prior to this he served as Director of Operational Services for Legacy Health System for six years, as Senior Manager for Deloitte & Touché for two years, and as Manager for Coopers and Lybrand for eight years.

He earned his BBA in Accounting from East Texas State University.
