

Dear Healthcare Leader,

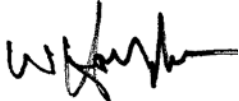

Would you like to be part of one of the most influential workgroups in North Carolina for ICD-10? Do you want your organization, its employees and constituencies to stay connected, competitive and informed? Then consider becoming a member of the North Carolina Healthcare Information and Communications Alliance (NCHICA) and its ICD-10 Taskforce.

As a participant, you, your staff and/or your constituents will experience:

- Cutting-edge discussions with industry leaders addressing the primary challenges facing ICD-10 in healthcare from implementation to clinical documentation and education issues.
- Assistance in understanding the latest hot topics on ICD-10-CM/PCS implementation and associated issues that are shaping healthcare.
- Opportunities to network and share problems, experiences, and solutions with peers from around the state from organizations such as CMS, BCBSNC (Blue Cross and Blue Shield of North Carolina), LabCorp, NCHIMA (North Carolina Health Information Management Association), NCMS (North Carolina Medical Society), NCHA (North Carolina Hospital Association), and many others.

Join today! Make a minimal investment of time for a tremendous return in networking, information, and training! For further information on membership and joining the ICD-10 Taskforce, contact Tara Waechter at 919-558-9258 ext. 24, tara@nchica.org.

Regards,

W. Holt Anderson
Executive Director
